

Dr. Joanna Fong-Isariyawongse, MD, FAAN, FAES

Dr. Joanna Fong-Isariyawongse, MD, FAAN, FAES, is an Associate Professor at the University of Pittsburgh and a leading advocate for sleep health. With extensive training and certifications in sleep medicine, neurology, and epilepsy, Dr. Fong-Isariyawongse has dedicated her career to advancing our understanding of sleep's critical role in health and well-being.

She joined the Department of Neurology at the University of Pittsburgh in September 2013 after serving at the Cleveland Clinic since 2005. Her expertise encompasses the medical management of epilepsy patients, including those with medically refractory epilepsy seeking surgical evaluation. Dr. Fong-Isariyawongse is also an expert in critical care EEG, having overseen the continuous critical care EEG monitoring service across multiple UPMC hospital systems, including UPMC Presbyterian, Shadyside, Mercy, Magee Women, Passavant, Altoona, and East.
