

**Anne Arundel County Chapter | Maryland**  
health, safety and equity in education

Election Candidate School Hours Questionnaire

Please return to: [sslaaco@gmail.com](mailto:sslaaco@gmail.com)

Candidate Name: \_\_\_\_\_ Sarah Lacey \_\_\_\_\_

**Start School Later Anne Arundel County met with Ms. Lacey on July 27th, 2018.**

**Ms. Lacey is familiar with teen sleep cycles and start times, as the mother of a rising freshman in AACPS. She also has two elementary students and a preschooler waking up early.**

**Ms. Lacey's frustrations with AACPS's Transportation Department policies spurred her to run for County Council. So she definitely supports improvements to that portion of AACPS's budget and world of work. Ms. Lacey is concerned how the policy of one department (for instance, Transportation), ends up essentially dictating areas outside of its direct control (such as Academics), without much consideration for those second order impacts.**

**One of Ms. Lacey's additional focus areas is to ensure that AACPS's mental health approach is better coordinated with the approaches of the County's Departments of Health and Social Services. She was receptive to the role of the County Council as the Board of Health, relative to student physical and mental health and school hours, as a way to support and AACPS in implementing healthy and safe school hours.**

The American Academy of Pediatrics, American Medical Association, American Academy of Sleep Medicine, U.S. Centers for Disease Control and Prevention, and other public health groups recommend that middle and high school start no earlier than 8:30 a.m. These experts base their recommendation on numerous studies that connect changing adolescent sleep patterns and early school start times to lower academic achievement, negative physical and mental health conditions, and risky behaviors among teens.

A 2014 Start Time Task Force by Anne Arundel County Public Schools (AACPS) recommended several potential options to improve school hours, and in February 2015, the County Council unanimously passed Resolution 6-15 urging AACPS to follow the recommendations of its 2014 Task Force and "expeditiously take measures to establish safe and healthy high school hours for all students."

Despite shifting start times by 13-15 minutes this year, AACPS and the Board of Education have thus far been unable to fully implement safe, healthy, and age-appropriate school hours. Therefore, Start School Later Anne Arundel County asks:

1. Will you sign Start School Later's 2017 petition at <https://actionnetwork.org/petitions/establish-safe-and-healthy-school-hours-in-anne-arundel-county> ?

Start School Later Anne Arundel County 2018 Election Candidate Questionnaire

If No, will you sign it? If you won't sign it, please explain why.

2. Based on the research that later middle and high school start times increase graduation rates and decrease absenteeism, with disadvantaged students benefiting the most from age-appropriate school hours, do you feel the current school hours affects the County's ability to be a leader in K-12 education for all students?

3. What hours would you define as healthy, safe, and age appropriate for:

Elementary School:

Middle School:

High School:

4. In your prior experience and positions, what have you done to ensure all Anne Arundel County Public School students (K-12) have healthy, safe, and age appropriate school hours?

5. In your elected position, what will you do to ensure healthy and safe school hours for all of Anne Arundel County Public School Students? Please be specific: Resolutions, recommendations, funding requests, educational outreach, implementation efforts, etc.

6. What is your timeframe for your actions in Question 5 Please be specific, Fiscal Year, School Year, etc.

7. Is there anything else you would like your constituents and future voters to know about your position on safe, healthy, and age-appropriate school hours?
